

## B. 1: Pool Stage Format Calculator

BISFed preferred formats are highlighted in yellow, other formats may be used but must adhere to principles described in the table (i.e. pool size, total KO entry and ratio).

| Entry | No. Pools | Max. Pool Size | Direct KO per pool | Total Direct KO | Point Qualifier | Total KO Entry | Ratio | No. Pool Matches |
|-------|-----------|----------------|--------------------|-----------------|-----------------|----------------|-------|------------------|
| 2     | 1         | 2              | -                  | -               | -               | -              | -     | 2                |
| 3     | 1         | 3              | -                  | -               | -               | -              | -     | 3                |
| 4     | 1         | 4              | -                  | -               | -               | -              | -     | 6                |
| 5     | 1         | 5              | -                  | -               | -               | -              | -     | 10               |
| 6     | 1         | 6              | -                  | -               | -               | -              | -     | 15               |
